<p>Our aim is to provide an environment where riders can come to learn new skills and socialise with other like minded individuals. We always welcome new members with open arms, encouraging all to participate. However horse riding is a high risk activity/sport which you take part in voluntarily . Although training sessions will be conducted only by certified horseball trainers and we will take every precaution to ensure your safety and minimise the associated risks, horses remain unpredictable animals so please take care. We cannot accept any responsibility arising from an accident and would strongly recommend that all of our participants are advised to take out an associated horse/rider personal accident insurance policy.</p>
